NEVADA'S INSANE.

What to do with our insane is a question that is now being generally discussed by the newspapers of this State. The question is important, involving an expenditure of between \$4,000 and \$5,000 per month out of the narrow revenues of Nevada.

The GAZETTE published on the 13th inst. a lengthy communication on this subject. The GAZETTE called attention to it at the time, as expressive of its own views in the matter. It appears that Nevada now has about 150 insane patients under the care of Langdon & Clark at Stockton. They are maintained at an expense to this State of \$1 per day, under the terms of a contract which expires next year. It is stated that the cost of keeping California's insane in the Stockton asylum amounts to only 44 cents per head. It costs this State for the conveyance of an insane patient to Stockton, and the fees of the accompanying officer, about \$75. The proposition to have our insane cared for in some institution within the State is meeting with favorable attention. The suggestion to turn the State University at Elko into an insane asylum is open to many objections. It is important that the State maintain its University, for which it has a special grant from the Government. The expense of making the necessary changes in the building would be large. The Times-Review estimates them at \$50,000. There is no necessity for abandoning the State University. It may yet develop into great usefulness.

There is no necessity for the State to erect an asylum. There is in Reno an excellent site for an insane asylum, on the ground selected and improved for a new State Prison. The GAZETTE is informed that responsible parties stand ready to erect suitable buildings on that site (provided the State will grant the use of it for the purpose), and to therein maintain the State's insane at a less expense than under the present arrangement with Langdon & Clark. The location would be central, and convenient of access from other parts of the State. The friends and relations of patients could visit them at a very small expense compared to the cost of a trip to Stockton, and the State Board of Commissioners would be enabled to frequently inspect the institution, and to see that the patients were properly cared for.

AMENDMENTS TO THE FISH LAW.
A correspondent of the Carson Appeal directs attention to the necessity of several reforms in the fish laws. One is—what has often been advocated in the GAZETTE—that the owners of irrigation ditches should be required to put wire screens at the head of their ditches to prevent fish from getting in. Many thousands of little fish annually perish in the ditches. The Appeal correspondent favors changing the present law so as to make the fishing season commence April 1st and close November 1st, as in California. The present law in this State makes the close season commence April 20. This prohibits the people living along the Truckee river in Nevada from catching trout at the very time when the fish are the most numerous. It profits a fish from capture until they get over the State line where California can take them all summer. The trout in the Truckee do not spawn in this State, but in California, at the headwaters of the Truckee river, or in Lake Tahoe.

EDITORIAL NOTES.

The Buffalo Courier points out that in the highly improbable contingency that for reasons not yet apparent Congress in the electoral count should "throw out" New York State, such action would not elect Hancock nor defeat Garfield. It could not throw the election into the House of Representatives. The State would be "thrown out" only on the ground that it has not legally appointed electors. It would then appear that no more than 334 electors were appointed, and consequently no more than 168 electoral votes would be cast.

votes would be necessary for a choice. Garfield would retain more than that number if the electoral vote of New York were rejected, and, consequently, his election would be assured in any event.

The Carson Times makes this estimate of the wealth of certain well-known millionaires: Mackay, \$45,000,000; Fair, \$35,000,000; Flood, \$40,000,000; Sharon, \$5,000,000; James G. Bennett, \$15,000,000; Keene, \$12,000,000; Peter Cooper, \$15,000,000.

The Sacramento Board of Health is having the school children of that city vaccinated free of charge. This is what our Trustees should have done, should the small-pox appear in Reno again.

The Stock Exchange says that in San Francisco many cigarettes are made by Chinamen from cigar stumps picked up when the saloon spittoons are emptied. These cigarettes are afterwards sold in the cigar stores.

The lawsuit between Eschka county and the Central Pacific Railroad Co. has been compromised. The Company is to pay the taxes as assessed, and the valuation of the road is fixed at the rate of \$9,000 per mile.

There are four acres of land in Texas for every human being in the United States, and an acre and a half in the United States for every man, woman and child in the world.

From the S. F. News Letter, Nov. 13. We alluded last week to the perfected invention of an Aeroplan Machine for Navigating the Air. What we then said we now repeat. The thing is done. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Wrinkled Faces.
It is a painful sight to see young ladies in their teens with wrinkled and prematurely old faces; nevertheless it is quite common, and to any one who observes the tendency of the time the reason is very apparent. Owing to the use of cheap and inferior toilet preparations, in which are used the names of eminent physicians and chemists, the unsuspecting and credulous have been induced to use some of the so-called "liquid beautifiers," all of which are known to be positively injurious and if used for any length of time will destroy the complexion, so that it will be next to impossible to restore it. Mothers should be very careful to see that their daughters do not use these preparations, but ask for and obtain Slaven's Harmless Toilet Face Powder, the only harmless beautifier. For sale by Osburn & Shoemaker.

Summons.

IN THE DISTRICT COURT OF THE Second Judicial District of Nevada, in and for the County of Washoe.

The State of Nevada, sends to Mary Jane Hall, Greeting: You are hereby required to appear in an action commenced against you as defendant by S. O. Hall, as plaintiff, in the District Court of the Second Judicial District, in and for the County of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service). If served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant were married at Buckner, in the State of New Hampshire, A. D. 1862, and lived and cohabited together until on or about the 28th day of August, A. D. 1877. That plaintiff was a true and faithful husband. That on the 28th day of August, A. D. 1877, at Reno, Nevada, defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I, MARK P. FAIRBANKS, have hereunto set my hand and affixed the seal of said court, this 19th day of November, A. D. 1880.
